

POWERING PROGRESS EMPOWERING INDONESIA

As the authorized selling partner of Jensonn Power Systems, we bring you world-class power generation solutions designed to keep your operations running smoothly, efficiently, and reliably. Whether it's a bustling construction site, a remote mining operation, or a critical healthcare facility, we deliver the strength, innovation, and dependability of Jensonn generators to meet your unique needs.

PT Multi Traktor Perkasa is more than a distributor—we are your partner in progress. By combining the cutting-edge technology of Jensonn Power Systems with our unwavering commitment to customer satisfaction, we empower businesses across Indonesia to achieve new heights of productivity and success.

We don't just sell power systems—we power possibilities. With Jensonn Power Systems as our partner, we are committed to lighting up Indonesia's future, one generator at a time.

Built Strong, Trusted Service
